Bimini

Bahamas | Resort port and island outings

A PRACTICAL PLAN FOR YOUR DAY ASHORE

1 Where you arrive

Resorts World Bimini owns and operates the cruise port on North Bimini. Ships normally dock at the pier. A complimentary resort tram connects resort facilities; confirm the day's stops, operating times and the return stop before leaving the arrival area.

2 Resort or local island day

Fisherman's Village offers shops and dining. Alice Town and Radio Beach are other outing ideas; arrange appropriate local transport and confirm public access and current facilities. Do not assume a resort tram travels throughout the island.

3 Beach access and boat trips

Resort beaches, pools and beach-club benefits depend on your cruise line or purchased pass. Virgin Voyages has its own Beach Club arrangements. SS Sapona snorkeling and stingray excursions are boat outings: check departure point, total duration, equipment and weather cancellation terms.

4 Transport and practical details

Ask your ship or port staff about authorized taxis and golf-cart providers. Agree the fare, return plan and rental conditions before setting out. Carry required travel documents, water and sun protection. Follow operator guidance around marine life and local advice about sea conditions.

BEFORE YOU GO / BEFORE YOU RETURN

Use ship time. Follow your own all-aboard or last-tender deadline and allow a generous buffer for queues, traffic and weather. Confirm hours, tickets, access and transport for your sailing date.
