Cabo Rojo

Dominican Republic | Pedernales region

A PRACTICAL PLAN FOR YOUR DAY ASHORE

1 A port day or an excursion

Cruise ships normally dock at Cabo Rojo. The port offers visitor facilities and excursion departures. Check your sailing's available pools, dining, admission arrangements and operating hours before deciding what is included in your day.

2 Bahia de las Aguilas

This protected coastal destination is a regional highlight. Choose an authorized excursion and confirm the road and boat portions, landing arrangements, protected-area rules and current conditions. Bring sun protection and water; do not assume beach services or easy independent transport.

3 Other nature outings

Laguna de Oviedo offers guided nature and birdwatching trips. Hoyo de Pelempito is a mountain viewpoint outing with substantial road travel. Pick an operator-confirmed route that fits your port call; ask about current access, road conditions and the full return journey.

4 Local time and planning

Pedernales offers local town life and food. Remote outings need advance transport planning and generous return time. Check that meals, park entry and boat charges are included or budgeted. Wildlife is not guaranteed, and seafood availability may be seasonal or regulated.

BEFORE YOU GO / BEFORE YOU RETURN

Use ship time. Follow your own all-aboard or last-tender deadline and allow a generous buffer for queues, traffic and weather. Confirm hours, tickets, access and transport for your sailing date.
