- [ ] Soda within line limits
- [ ] Wine within line age / quantity rules
- [ ] Tobacco (eligible adults; check rules)

Carnival Carry-On Packing List

BEFORE YOU ZIP YOUR SUITCASE

CONFIRM DOCUMENTS FIRST

Use the documents required for your citizenship, exact itinerary, ports and cruise line. Birth certificates are not interchangeable with passports on every cruise. Check passport validity, visas, name-match and documents for minors. A passport book is needed for most international flights home.

PROTECT YOUR ESSENTIALS

Keep travel documents, valuables, medication and medical devices in your carry-on. Check destination rules for your medicines and arrange medical-device needs with the line before sailing. Airline baggage and battery rules apply separately.

CARNIVAL ELECTRICAL AND CARRY-ON RULES

Non-surge electrical accessories may be allowed with caution and removed if unsafe. Fans are limited to 12 inches in diameter. Carry power banks, portable chargers and e-cigarettes in your carry-on; do not leave them charging unattended.

CARNIVAL BEVERAGE RULES: U.S. DEPARTURES

At embarkation, guests 21+ may carry on one sealed 750-ml bottle of wine or champagne each; fortified wines above 15% ABV are excluded. Nonalcoholic drinks: up to 12 sealed cans / cartons per person, each 12 oz / 354 ml or less. Plastic or glass bottled drinks are prohibited. Australia rules differ; check your departure policy.

FAMILY AND ADULT-ONLY ITEMS

Check age, supervision, pool, diaper and children's-program rules for your ship. Packing diapers does not establish pool access. Tobacco or vaping items, if carried by eligible adults, remain subject to age, location and destination restrictions.
