Small fan (check line policy)	☐	☐	☐	☐
Rain poncho	☐	☐	☐	☐
Book / autograph book / travel game	☐	☐	☐	☐

Celebrity Cruises - Family

BEFORE YOU ZIP YOUR SUITCASE

CONFIRM DOCUMENTS FIRST

Use the documents required for your citizenship, exact itinerary, ports and cruise line. Birth certificates are not interchangeable with passports on every cruise. Check passport validity, visas, name-match and documents for minors. A passport book is needed for most international flights home.

PROTECT YOUR ESSENTIALS

Keep travel documents, valuables, medication and medical devices in your carry-on. Check destination rules for your medicines and arrange medical-device needs with the line before sailing. Airline baggage and battery rules apply separately.

CHECK EVERY ELECTRICAL ACCESSORY

Use approved device chargers. Do not treat a retailer's "cruise approved" label as authorization. Check the line's current prohibited-items list for power strips, surge protectors, extension cords, fans and other electrical items.

FOOD, CLOTHING AND CABIN EXTRAS

Bring only food meeting the line's rules; dry, commercially packaged, factory-sealed snacks are the cautious choice. Dress for your actual activities and dining venue. Magnetic hooks are optional; follow ship guidance and keep exits, sprinklers and safety equipment clear.

FAMILY AND ADULT-ONLY ITEMS

Check age, supervision, pool, diaper and children's-program rules for your ship. Packing diapers does not establish pool access. Tobacco or vaping items, if carried by eligible adults, remain subject to age, location and destination restrictions.
