Scarborough

Tobago | History, beaches and rainforest

A PRACTICAL PLAN FOR YOUR DAY ASHORE

1 Arrival in Scarborough

Cruise ships normally use the Port of Scarborough. Confirm your actual arrival and return instructions. Parts of downtown and the waterfront can be explored on foot. Fort King George is uphill; arrange transport if the climb is unsuitable.

2 Pigeon Point and reef outings

Pigeon Point is a beach and recreation option; confirm current admission and facilities. Buccoo Reef and Nylon Pool require a boat outing from the operator's departure point, not just a road transfer. Ask about total duration, equipment, sea conditions and cancellation arrangements.

3 Waterfalls and forest

Argyle Falls involves a walk, with steeper terrain for upper areas. Swim only where permitted and conditions allow. Main Ridge Forest Reserve is a rainforest and birdwatching outing. Confirm guide arrangements, trail conditions, footwear requirements and the full transfer plan.

4 Choose one workable route

Store Bay is another beach option. Compare tour duration with your port call and avoid stacking distant stops. Check official current travel advice and cruise-line guidance. Use authorized transport and confirm admission, accessibility and return pickup before leaving the port.

BEFORE YOU GO / BEFORE YOU RETURN

Use ship time. Follow your own all-aboard or last-tender deadline and allow a generous buffer for queues, traffic and weather. Confirm hours, tickets, access and transport for your sailing date.
